

REBOUND!

An educational support program for students on short-term suspension.

One aspect of our *RAP (Real Academic Progress)* program

Because public school systems will have a difficult time financially supporting alternative suspension programs during this economic downturn, Reality Ministries would like to partner with other qualified and concerned non-profits to provide meaningful services to these particular at-risk students... To come alongside and encourage them, to empower them to succeed, to help them understand their strengths and personal gifts, to inspire them to develop a life of purpose and resilience.

Services offered in ***REBOUND!***

Academic Support:

- Study Skills Development
- Tutoring/Homework Assistance
- Literacy Assessments (if needed)
- Coordinating with teachers for homework assignments

Mentoring/Counseling:

- Goal-Setting, Career-Planning
- Individual guidance and counsel
- Conflict Resolution and Peer Mediation
- Leadership Development

Community Service:

- Work projects in/around the Reality Center, including gardening, custodial, maintenance/repair

Personal Growth Experiences if needed:

- *Sessions* with professionals in areas such as: substance abuse, pregnancy and STD/HIV testing, communication skills, gang awareness, anger management and personal problem-solving.
- *Field Trips* to places such as: juvenile detention facilities, crisis pregnancy center, police anti-gang initiatives, and vocational skill programs.

REBOUND Director, [Steve Larson](#), B.S., Physical Education; M.A., Counseling, 35 years experience in education as teacher, headmaster, school director, and chaplain.
