First In Families of North Carolina

Helping people with disabilities and their families to Believe in their dreams, Achieve their goals, Connect in their communities and Give Back to others since 1995

Thank you for contacting First In Families of North Carolina, a statewide 501(c)(3) providing assistance to individuals and their families to meet their self-defined needs. First In Families of North Carolina is a catalyst for individuals and their families in North Carolina to meet their needs by leveraging relationships and resources, and encouraging "giving back" in their communities.

When completing the application, **be as specific as possible** in explaining your self-defined need. If you have questions, please call the number below.

Once your application is received, we will contact you within 3 business days to acknowledge receipt. Within 7 business days, our staff will review to determine eligibility and contact the applicant for additional information, if needed, and to discuss the request. We will work with you to clearly identify your need and find sources for assistance. Our goal is to help you find what you need within the community and link you and/or your family member to those resources. This creates a partnership involving you, First In Families, and the community.

We're not equipped to meet "crisis" needs, but our staff may be able to recommend local crisis resources.

Income eligibility is based on the household size. See chart below. If the person with a disability is under 18, then parent or guardian income determines eligibility. For qualifying adults with IDD and/or TBI who live in the community (either with parents, housemates, by themselves, or in an unlicensed AFL), the individual *adult* applicant is considered Head of Household. Only the applicant's income counts. Dependents would include only applicant's spouse and children. There may be exceptions if the requested item or service directly benefits someone else in the household.
